Core Beliefs of the Society of the Divine Word

- The Church is missionary by its very nature.

- God calls some to give special witness to the Church’s missionary mandate.

- The missionary charism of the Society of the Divine Word, its history, heritage and hopes, is a significant contribution to the Church’s missionary outreach.

- Service to the local churches through apostolic ministry demands the proper education and spiritual formation of future missionaries.

Core Values of Divine Word College

**Diversity** - Student recruitment efforts, the intercultural studies major, the spiritual formation program, intercultural activities, and the international teaching experience of the faculty foster and support cultural diversity at Divine Word College. Students, faculty, staff, and friends of the College grow in intercultural community, reflecting the strong international mission of the Society of the Divine Word.

**Opportunity** - A program of generous scholarship assistance, the Intensive English Language Institute, a low teacher-student ratio, and other academic resources meet the learning needs of Divine Word College students, especially those from immigrant and refugee communities. This commitment of College resources demonstrates an historic interest of the Society of the Divine Word in the United States in enabling the marginalized to assume their rightful place within the Church.
Community - Active involvement by members of the Society of the Divine Word in the life of the College, the organization of students into small faith communities, the Friends Across Nations program, and the interdependence among departments and personnel foster a close-knit community at Divine Word College. College personnel in community portray the determination of the priests and brothers of the Society of the Divine Word to build community among themselves, their collaborators, and those whom they serve.

Spiritual Growth - An integrated program of spiritual direction, group retreats, daily, and special liturgies, and regular prayer opportunities support Divine Word College students, faculty, staff, and friends in the discernment of their call to follow Jesus Christ. While pursued within community, spiritual growth is highly and intensely personal.

Service - Outreach to the elderly at area nursing homes, to the poor in homeless shelters and at soup kitchens, to youth in religious education programs, and to disabled children in local care facilities is an important aspect of Divine Word College’s effort to follow the example of Jesus Christ who came “not to be served, but to serve.” Students and faculty members regularly put themselves at the service of the local and regional community.

Integrity - Honesty in academic policies and practices, respect for each student’s freedom in vocational discernment, the provision of just compensation and fair treatment for employees and an adherence to high ethical standards in fundraising efforts and financial reporting help ensure that Divine Word College lives its mission and delivers on its promise.

Lifelong Learning - A liberal arts program opens students to new worlds of knowledge, broadens intellectual horizons, and provides the critical skills increasingly necessary for informed leadership and service. Carefully designed curricula lead students to an appreciation of the complex and changing social environments of our time. Educational programs open to the wider community demonstrate Divine Word College’s commitment to lifelong learning as a key to effective religious and missionary service.
Our Vision

Divine Word College aspires to excel in the spiritual and academic formation of missionaries who are grounded in faith, broadly educated in the liberal arts, interculturally competent to appreciate and honor the rich diversity of the world, and committed to serving God’s people. Toward these ends, the College seeks to advance the following goals and priorities:

- Provide a continuously updated, high quality undergraduate education that is interculturally informed and rooted in the liberal arts.

- Offer an outstanding religious formation program that embodies SVD charism, values, and objectives and, for seminary students, meets the expectations of the United States Conference of Catholic Bishops’ *Program of Priestly Formation*.

- Recruit, develop, and retain a cadre of well qualified and competent faculty and staff who are committed to advancing the College’s mission.

- Maintain an optimum level of student enrollment that is consistent with the requirements of excellence in teaching and learning.

- Take full advantage of technology to enhance teaching and learning as well as to maximize operational efficiencies.

- Marshal adequate resources and strive toward financial independence through development efforts and endowment opportunities.

- Assure adequate physical facilities through a program of scheduled maintenance and careful projection of future housing requirements.

- Promote the international mission of the Society of the Divine Word and the College to external constituencies though a series of special cultural and educational events, school visits, support groups, and short-term visits to the College by external groups.

Liberal Arts Education

Divine Word College promotes an integrated development of the spiritual, physical, psychosocial and intellectual abilities of the students as maturing persons. The liberal arts program is designed to help students acquire knowledge, attitudes, and skills in both traditional and contemporary studies which can foster the student’s growth in personal maturity and committed faith and provide an
orientation to future ministerial service among God’s people. It strives also to provide for the development of habits of creative and critical thinking as well as a facility in communication.

Missionary Formation

Students attending Divine Word College live in an environment that enables them to make a firm, personal decision to commit themselves to a life formed after Jesus Christ. More specifically, this would be in the form of becoming a priest or brother in the Society of the Divine Word or ongoing formation as a male or female religious, diocesan seminarian/priest or lay person preparing to pursue missionary ministry.

While attending College, students are in a period of ongoing, mature self-examination that leads to a sound and free decision to commit their lives and career to the mission of the global Church and the mission of the Society of the Divine Word in particular.

The College is open to accepting candidates for other religious orders and dioceses as well as lay persons. The College provides discernment opportunities to assist the student in the decision-making process. Members of the religious community at the College serve as role models of religious priests and brothers.

Throughout the curriculum, a strong emphasis is placed on mission and cultural awareness. An intercultural studies major and minor point to this emphasis. The Ministry Formation Program directs the student toward community service outside the College. There the student serves God’s people in a number of ways and begins to acquire basic attitudes and skills required for future ministry.

Intercultural Environment

Students attending Divine Word College come from a variety of ethnic and national backgrounds; therefore, the community in which they live is intercultural. The environment of the College speaks to the missionary life for which its students are preparing. There is a permanent mission art display. Missionaries on home leave periodically visit and speak to the students. The celebration of feasts rooted in various cultural traditions both recognizes the rich cultural diversity of the students at the College and helps develop a knowledge and appreciation of the global Church community.
The constant interaction among students, faculty and staff with different cultural backgrounds is a distinct advantage in preparing for a religious and lay missionary vocation. A student has an opportunity on a daily basis to gain an appreciation of other cultures.

**Institutional Learning Outcomes**

Throughout their college careers, students at Divine Word College prepare to serve God’s people in a number of ways. Divine Word College provides a rich environment for students to develop their spiritual and intellectual abilities. As one of the five facets of the College’s religious formation program, the academic programs are designed to help students acquire skills, attitudes, and knowledge in both traditional and contemporary studies which foster their growth in personal maturity and prepare them for future ministry.

Through both the curriculum and student life, strong emphasis is placed on mission and cultural awareness. Students attending Divine Word College live in a diverse intercultural environment that enables them to make a firm, personal decision to commit themselves to a life formed after Jesus Christ. Students are involved in community service outside the College, expanding the learning environment beyond the classroom. Through all of these opportunities, students will acquire basic knowledge, attitudes, and skills required for future ministry as a priest or brother in the Society of the Divine Word, as a priest in another religious community or in a diocese, or as a religious sister or lay person prepared to pursue missionary work in the Church.

Through their academic and formational pursuits, graduates of Divine Word College will:

- demonstrate evidence of an intimate relationship with God;
- serve the poor, protect the environment, and work for justice and peace;
- analyze, critically evaluate, and creatively engage with diverse ideas, arguments and systems of beliefs and values;
- demonstrate a systematic and coherent Catholic understanding of Bible and theological traditions as it informs mission;
- understand and apply scientific principles and symbolic thinking across disciplines;
- behave and communicate effectively and appropriately in intercultural settings, and;
• possess the necessary 21st century skills to acquire, analyze, interpret and integrate information.

Divine Word College and the Society of the Divine Word

Saint Arnold Janssen founded the Society of the Divine Word (SVD or Societas Verbi Divini in Latin) in Steyl, Holland, in 1875. Today, there are approximately 6,000 Divine Word Missionaries working in over 75 countries throughout the world. Divine Word priests and brothers may find themselves teaching school in a remote area of Papua New Guinea, celebrating the sacraments to residents of a small village in the mountains of Mexico, helping communities in Ghana obtain a fresh supply of water or working with the elderly in a parish in the hills of West Virginia.

The Society of the Divine Word established Divine Word Seminary, a four-year liberal arts college, in 1912 at Techny, Illinois. Over the years the Society had reason to locate the senior and junior college divisions at various locations throughout the United States.

In 1931, the Society purchased property in Epworth, Iowa, and, on a campus that once housed a Methodist seminary and a private military academy, established St. Paul’s Mission House, an SVD high school seminary. In the early 1960s, the Society undertook a major reorganization of its seminary education programs and replaced St. Paul’s Mission House with a new Divine Word College. Since its dedication in 1964, Divine Word College has served as the principal site of SVD undergraduate seminary education in the United States.

During their final semester of undergraduate studies at Divine Word College, young men who choose to continue their vocational journey with the SVD may apply for the Society’s one-year novitiate program at Techny, Illinois, near Chicago. Near the end of their novitiate experience, the young men may apply to profess first vows as members of the Society. Those who are candidates for the priesthood continue their studies at Catholic Theological Union, in Chicago, a graduate school of theology serving over 40 religious orders. Those who are candidates for the brotherhood continue their studies at various institutes, colleges or universities in the Chicago area.

Campus, Buildings, and Facilities

The main buildings, completed in 1964, contain classrooms, dormitories, a chapel, gym, weight room, indoor swimming pool, library, dining areas, offices, and living
quarters for the SVD members. The chapel is the center of spiritual life within the College. Megan Hall, at the north end of the property, is the only building that remains from the original campus. Megan Hall currently houses religious sisters.

The Matthew Jacoby Library, with large windows overlooking the rolling Iowa countryside, provides a pleasant atmosphere for studying. Open stacks contain over 70,000 volumes on all subjects, and an adjacent reading room holds the current issues of the 277 periodicals to which the library subscribes. In addition to its broad collection of DVDs and CDs, the Library also provides access to important online resources. The library staff is glad to provide classroom and individual instruction as well as reference assistance with any aspect of library research. Divine Word College students and faculty have access to and borrowing privileges from the libraries of Dubuque-area colleges.

A learning center for students in the Intensive English Language Institute (IELI) contains computers and other equipment for use in acquiring language skills.

Fully equipped computer labs are available to the students for use in their personal academic work. The entire campus has wireless capabilities for access to the Internet.

A large combination gymnasium and auditorium can accommodate a variety of sports, plays and concerts. A full-size swimming pool is an inviting place to exercise after studying. Students can also relax in a recreation area where there is a TV room, pool and game tables, snack bar, and lounge.

The Fr. Peter Weyland, SVD, Gallery is an inviting exhibit area near the College’s main entrance. The Weyland Gallery sponsors annual art exhibits, including an exhibit of student artwork.

The Russell J. Hannon and George Dods Gallery is located on the ground floor corridor. The Hannon Dods Gallery surrounds the Divine Word College community with art from around the world.

The 30-acre College campus provides many opportunities for outdoor recreation, including soccer, baseball, and tennis. Nearby is the Heritage Trail for hiking, biking or cross-country skiing.

**Student Services**

**Counseling Service** - Through the services of the college counselor, the student is provided with the opportunity for professional guidance. The counselor may administer tests to facilitate greater self-understanding and clarify vocational choices. The counselor is an integral part of the formation program and is a resource person for the formation directors. Outside counseling services are also available.
Student Health Service - Physicians and medical facilities are available in Dubuque, Dyersville and Peosta. Red Cross First Aid and life-saving courses are periodically made available. A physical examination is required before entry. Immunization records are kept on file at the College. The College requires the Mumps, Measles, and Ruebella vaccination for all students and a tuberculosis test for international students who come from countries that the Center for Disease Control recommends testing.

Student Activities - Extra-curricular activities are fostered to aid the total development of the student. Among these activities are: the Student Senate, student publications, ministry service with the handicapped, aged, infirmed and ethnic minorities.

- **Fan Club** - The Divine Word College FAN Club is an acronym for “Friends Across Nations.” The organization matches students with area families as a means of establishing off-campus social connections. Some on-campus events are scheduled, but most activities are left to the desires and interests of the individual student(s) and host family. Participation is voluntary.

- **Athletics** - Alertness, self-confidence, discipline, and teamwork are characteristic of the missionary ideal. Students may acquire these traits by participating in the various intramural sports activities available at the College such as basketball, volleyball, soccer, tennis, swimming, and weightlifting.

- **Tutoring Services** - A range of tutoring services is available to help students with time management, study skills and test taking in all subjects with specific help available in math, writing and philosophy. Faculty advisors are available to inform students of the exact nature of these existing services.

Student Orientation

At the beginning of each semester, students attend several days of orientation introducing them to life at Divine Word College. Students learn about the College curriculum, the requirements of the degree programs, College administration, the counseling service, student government, and the formation program.

Students tour the library and learn about the technical equipment. New students will also take placement tests during orientation. Each new, undergraduate College student is also required to schedule an interview with the College counselor within the first six weeks of the semester.
General Information

On-Campus Community Service

Members of the Society of the Divine Word who work at Divine Word College contribute their services as administrators, faculty, and staff. Correspondingly, the College expects all students, as candidates for or beneficiaries of the Society, to contribute some of their time and energy supporting community activities or events and maintaining the College buildings and grounds. Students do not receive financial compensation for community service activities.

Ministry Formation

The purpose of the Ministry Formation Program is to facilitate growth in maturity in each of the areas of education, commitment, and service in a manner that helps to prepare the student for various missionary apostolates (especially those of the Society of the Divine Word). This is achieved through active involvement in several different kinds of service, including visiting the elderly, working with the mentally and physically challenged, offering hospitality to those in need, feeding the hungry and homeless, working with the youth, visiting the elderly, and serving Latino and Vietnamese communities in the area. Once per semester, the student participates in group reflections on their experiences with the Director of Ministry or his/her assistants.

Personal and Spiritual Formation

Students follow the Religious Formation Program of Divine Word College. This guide enables students to become healthy, integrated persons, committed to a life formed after Jesus Christ, so that they can then make a free and mature decision regarding their vocation.

In the Religious Formation Program, students are organized into Formation Groups and guided by a formation director. Students strive to develop in five areas:

**Human Formation** - Students develop into mature, integrated, and committed persons who are capable of discerning their readiness and desire to live in a religious and faith community.

**Spiritual Formation** - Develop faith-filled, discerning students, rooted in Jesus Christ and committed to personal and communal prayer as the foundation for missionary service.
**Intellectual Formation** - Instills in students a commitment to acquire the skills and knowledge necessary for effectively communicating the Gospel.

**Intercultural Community Living Formation** - Enables students to be rooted in their own culture and to cross over to other cultures with respect and sensitivity, while developing skills for life in a religious community or service to a parish.

**Spiritual Direction and Faith Formation**

Each student has a Spiritual Director. During regular meetings with their director, students are encouraged to develop personal prayer as a means of growing in relationship with God.

All students participate in faith formation sessions in small formation communities to grow in faith, prayer, and Church teachings.

**Liturical Formation**

Students regularly participate in liturgies. Music ministry and other special liturgical ministries, such as reader, altar server, sacristan, cantor, and minister of hospitality are performed by students according to their talents and level of growth.

Training is provided for all these ministries. Students are required to attend a weekly liturgy preparation period which consists of instruction and discussion of liturgy, as well as rehearsal of liturgical music.

**Drug-Free School/Workplace**

College regulations comply with the Drug-Free Schools and Communities Act of 1989 requiring documentation of services and awareness for drug-free schools and communities. The College complies as defined in schedules “I” through “V” of Section 202 of the “Controlled Substances Act” (21 U.S.C. 812) and as further defined by regulations 21 CFR 1300.11 through 1300.15.

All students, faculty, and employees of the College receive copies of these policies and disciplinary action is taken if violated.
Student Right-To-Know and Campus Security Act of 1990

The College adheres to the Student-Right-To-Know and Campus Security Act, Public Law No. 101-542. Statistical information on the completion of graduation rates of both A.A. and B.A. degree-seeking students is maintained and compiled by the College Registrar. This information is available upon request from the Director of Financial Aid.

The College Financial Aid Director prepares, publishes and distributes information annually, before October 1, on campus crime statistics to all students, faculty and employees, and upon request, to any applicant for enrollment or employment.

The College is committed to providing a safe and secure environment to all members of the College community. All criminal actions or emergencies are reported to the President and Dean of Students. These individuals shall refer the matter to the local law enforcement agencies, if warranted, and to the statistical coordinator of campus crime.

Admission Requirements and Procedures for SVD Candidates

Criteria for Admission of SVD Candidates

Vocation Directors assess the candidates applying to Divine Word College. They look for positive indicators for each of the characteristics listed below. A serious deficiency in one category can jeopardize admission. The candidate’s age and experience may affect the degree to which he demonstrates these characteristics. Guided by the Constitutions of the Society of the Divine Word (Const. 511.4), when Vocation Directors (Recruiters) and the Admissions Committee make decisions about candidates, they look for positive evidence of:

- a religious spirit appropriate to the candidate’s age indicating a missionary calling;
- active participation in the life of the Church as evidenced by involvement in his local parish or other volunteer service projects;
- the necessary talent for the education required;
- willingness to live in an intercultural environment;
- sound physical and mental health;
- ability to accept responsibility;
- a sense of purpose in life;
- social skills appropriate to the candidate’s age, and;
- the capacity for and a demonstrated pattern of lived celibacy for an appropriate period.

Pre-Screening of SVD Candidates

A candidate who contacts the College concerning admission does not receive application papers, but is assigned a Vocation Director. The Vocation Director maintains contact with the candidate from this initial stage through the admission process. In most cases, the Vocation Director visits the candidate at his home, invites the candidate to visit the College, and interviews the candidate. If the Vocation Director is convinced that the candidate is serious and is likely to meet the criteria as previously outlined, the Vocation Director offers the candidate application materials. The ensuing application procedures are designed to gather sufficient information about the candidate so the Admissions Committee can make an informed decision of the candidate’s suitability for admission to formation and one of the educational programs at Divine Word College—Intensive English Language Institute (IELI), Undergraduate Program or the Associate Program.
Formal Application Procedures for SVD Candidates

Each SVD Candidate applicant normally follows the following procedures:

- Applicants are interviewed by a Vocation Director at the applicant’s home, school, Divine Word College or another appropriate location.

The College’s Admissions Committee reviews the information and gives final approval for acceptance into the College. The Director of Admissions will generally respond to the applicant within 14 days with the committee’s decision. The Director of Admissions will notify the Registrar of acceptance so the student can register for classes.

**Non-Degree Seeking Temporary Students (part-time)**

Individuals interested in taking an occasional class complete a short application. Applicants should return applications to the Admissions Office for processing. Generally, the Director of Admissions will forward the applications to the Registrar immediately so the student can register for classes. Students who previously completed a registration form do not need to complete a new form for each subsequent semester.

**Unclassified Part-Time Students**

Students from area high schools may enroll in lower division college courses. Applicants must have completed the junior year and are unclassified part-time students who are not pursuing a degree.

**Academic Assessment of Applicants**

An applicant should have at least average academic ability, which may be indicated in a variety of ways, including academic transcripts (“C” or 2.00 cumulative GPA); standardized testing; and/or rank in class (upper two-thirds). An applicant must have a high school diploma, or the applicant must submit official scores of a secondary school equivalency exam such as the General Educational Development (GED) Test or the High School Equivalency Test (HiSET).

Students who have completed a four-year high school program in the United States are highly encouraged to submit ACT and/or SAT scores to assist the Admissions Committee in their evaluation of their academic potential.
In some circumstances, documentation to show academic ability may be impossible to gather especially if an applicant’s education documents are not available from his/her home country or were permanently lost. The Director of Admissions or designee will make every attempt to gather information about an applicant’s academic ability through interviews, recommendations from persons who know the applicant, unofficial grade reports, recommendations from teachers, or letters attesting to the applicant’s academic history.

An applicant whose primary language is not English is required to either submit a TOEFL (Test of English as a Foreign Language) or equivalent test score or take an English language proficiency test at Divine Word College prior to placement into the undergraduate program. An applicant may also submit an alternative standardized test of English proficiency.

An applicant who has a TOEFL score of 550 (213 CBT or 80 iBT) or higher and a writing sample score of six will be placed in the undergraduate program. Applicants with a writing sample score below six may be placed in a developmental writing course.

Students who completed some of their education outside the United States but who did not complete high school may be admitted to the Intensive English Language Institute (IELI) without a high school diploma or passing an equivalency exam. These students will be required to complete a high school equivalency exam before being considered for admission to the undergraduate program. Students who complete the IELI before the equivalency exam may take part-time college courses for no more than two semesters while completing the equivalency exam. It should be noted that acceptance to Divine Word College without a high school diploma or equivalency exam is an exception to the norm.

Proficiency Tests

Advanced Placement Program (AP)
Divine Word College participates in the Advanced Placement Program of the College Entrance Examination Board. High school students who have performed satisfactorily in advanced college level courses before college entrance and who have demonstrated their achievement in the Advanced Placement Test of the College Entrance Examination Board may have the results submitted directly to Divine Word College for credit.

A student who receives a four (4) or five (5) rating in the Advanced Placement Test will automatically receive college credit in the subject.

Applicants for advanced placement should request their high school counselor to obtain the test from the College Entrance Examination Board, Princeton, NJ 08540.
College Level Examination Program (CLEP)
Divine Word College participates in The College Level Examination Program (CLEP) and accepts CLEP’s current recommended standards for transfer of credit. Students who, by virtue of study or travel abroad, work experience, independent study, advanced work in high school or study in non-accredited institutions, believe that they might already possess knowledge comparable to that expected in a certain lower division course, may receive credit and placement based on scores of the Subject examinations administered by CLEP.

Application Deadlines/Start of Semester

The Admissions Committee ordinarily processes applications within two weeks of receipt of all the required documentation. Applicants are encouraged to complete the application process as early as possible. Ideally, the Admissions Office will process international student applications until June 15 for the fall semester and until October 15 for the spring semester. The Admissions Office will process domestic student applications until July 15 for the fall semester and until December 1 for the spring semester.

The college expects new and returning students to begin each semester on the designated starting date. Students are required to participate in the new semester orientation. In exceptional circumstances, students may request permission to arrive late, specifically when circumstances beyond their control prevent their prompt arrival, e.g., application papers submitted on time but U.S. consulate delayed issuance of visa, physical illness, extraordinary family emergency, etc. Ordinarily, all students must be on campus within two weeks of the start of the semester (refer to the Academic Regulations section of the College Catalog).

Transfer Students

A student wishing to transfer from another accredited college or seminary should follow the normal application procedure. The student must submit official transcripts to the Director of Admissions during the admissions process. If the applicant is requesting transfer credit, the applicant must submit course descriptions or course syllabi for all college classes in question in order to more accurately determine their equivalency to Divine Word College courses. Refer to the section on Transfer Credits in the Academic Regulations section of this catalog for the process of accepting transfer courses. In order to process transfer credits in a timely manner, applicants should submit their information as early as possible. A letter of recommendation from the rector, superior or his/her delegate is also required if the applicant is transferring from a seminary or was ever in formation/vows with another religious congregation or diocese.
International Students

International students are subject to the admission policies of Divine Word College and the regulations of the Citizenship and Immigration Services of the United States Department of Homeland Security. If the student is accepted, the college will issue an I-20 form and other necessary documents to the student in order to apply for a student visa from the United States government.

Students with questions about the Test of English as a Foreign Language (TOEFL) can contact TOEFL/TSE Services, P.O. Box 6151, Princeton, NJ 08541-6151 or visit www.ets.org/toefl.

For students who are transferring from a foreign university, the regulations on the acceptance of transfer credits are located under the Transfer Students section. Federal Financial Aid is not available to international students. An applicant may apply for a Divine Word College scholarship.

Leave of Absence

A student with good reason and with approval by both the Vice President for Formation and the Vice President for Academic Affairs, may request and be granted a leave of absence for any period up to one year (two semesters) without withdrawing from the College. The student may re-enroll after communicating directly with the Vice President for Formation and the Vice President for Academic Affairs. The student must remain in regular communication with the Dean of Students during the absence. If the student does not return to the college within two semesters, the student must re-apply to Divine Word College under the “Readmission” section below.

Readmission

A student who withdraws from Divine Word College in good standing may reapply after two semesters. A student who withdrew from Divine Word College because of academic probation may be readmitted to the College after two years in a fresh start program (see Academic Regulations Section of this Catalog). The same admission procedures noted below are followed as for those who left in good standing. If the student is readmitted, the credits earned previously at Divine Word College are treated as transfer credits. To graduate, the student must complete the last 30 hours in residence at Divine Word College. The College Chairs Committee may make exceptions.
A student reapplying is required to submit the following documentation:

- signed application form;
- a letter to the Director of Admissions outlining why the student left, his/her principal activities during the absence from Divine Word College (including involvement in parish and Church related activities), and why the student wishes to return;
- official academic transcripts of all courses taken in the interim, along with course descriptions or syllabi;
- one professional recommendation, and;
- updated medical form with recent physician exam (required for SVD candidates only).

Attendance at Other Colleges

Transportation and other expenses incurred while attending other colleges are the responsibility of the student concerned.
Insurance

Divine Word College requires that all resident students have medical insurance coverage. Those not covered by an individual or parental health plan must purchase medical coverage. The insurance premium can be covered by student financial assistance. The College does not assume liability in case of medical care or loss or damage of personal property. For more information, contact the Financial Aid Office.

Student Financial Resources

Any duly qualified applicant, sincerely interested in studying for the priesthood or brotherhood as a Divine Word Missionary, will never be turned away for lack of money. While expecting students and their parents to pay what they can reasonably afford, Divine Word Missionaries will assist them in obtaining the necessary financial resources.

State, Federal, and Private Financial Aid Programs

Student Financial Aid Eligibility

State and federal aid (www.studentaid.ed.gov) is for the most part granted to students with financial need. For all programs, this need is established by the student and/or parents filing the Free Application for Federal Student Aid (FAFSA) or the Renewal FAFSA. The FAFSA can be filed electronically, by paper, or with the school Financial Aid Administrator’s help. The Renewal FAFSA can only be filed electronically. To file the FAFSA or Renewal FAFSA electronically, access the FAFSA website at www.fafsa.ed.gov. To file the paper FAFSA, contact the Federal Student Aid Information Center at 1-800-4-FED-AID (1-800-433-3253) or the Divine Word College Financial Aid Office to order a paper FAFSA. To file the FAFSA with the school Financial Aid Administrator’s help, contact the Divine Word College Financial Aid Office.
Standards of Satisfactory Progress for Federal Student Financial Aid Recipients

Eligibility - The typical program length for a student admitted to regular undergraduate College program is four (4) years. Non-native permanent resident students who need to develop greater English proficiency to successfully complete the program generally will have from one to three years of ESL to complete prior to starting the regular four-year degree program. No full-time or part-time students are eligible for Title IV federal assistance programs for more than 150% of the following published lengths:

Undergraduate Program: 12 semesters or six years maximum
Intensive English Language Program: 9 semesters or four ½ years maximum

For the Undergraduate Program, the minimum intervals of progress are as follows:

<table>
<thead>
<tr>
<th>Quantitative Standard: Minimum Credits Earned</th>
<th>Qualitative Standard: Minimum GPA</th>

</thead>
<tbody>
<tr>
<td>After first year:</td>

<tr>
<td>After fourth year:</td>

</tbody>
</table>

For the Intensive English Language Institute, the minimum intervals of progress are as follows:

Ineligibility- A student is considered making unsatisfactory progress and is declared ineligible for Title IV student aid programs if s/he fails to meet either the quantitative or qualitative standards. The student then:

- Is subject to the regulations for Academic Probation as given in the Student Handbook and College Catalog.
- Has the right to appeal to the Academic Appeals Committee and then to the President.
Specific Information:

- Under normal circumstances, courses with Incomplete (I) grades are resolved within three weeks after the last day of exams for that semester and therefore have no impact on eligibility.
- Course withdrawals are not counted toward minimum credit hours completed.
- Repeated courses are counted only once in credit hours completed.
- Non-credit class hours of developmental courses are counted as credits completed for the first year only. In subsequent years, they are not counted toward the minimum requirement of credits successfully completed.

Exceptions to the Standards of Satisfactory Academic Progress may be made by the Academic Appeals Committee (or the President in case of an appeal) in cases of documented, extenuating circumstances.

Reinstatement of Federal Student Financial Aid - Reinstatement of Federal Student Financial Aid is determined by petitioning the Academic Appeals Committee. In the petition, the student must document attainment of necessary credit hours and GPA. The student must also provide a signed, dated plan for keeping the GPA at the required level.

Return of Title IV Funds - The college follows the Department of Education regulations and procedures to determine Refunds and Returns of Title IV funds. Volume 5 of the regulations states that Refunds and Returns shall be made on a day-by-day prorated basis. When 60% of a semester has expired, there is no refund or return of Title IV funds. The U.S. Department of Education regulations and procedures are available in the Financial Aid Office.

Available Federal and State Financial Aid Programs

Federal Pell Grant provides for grants to students of up to $5,775 for the 2016-2017 award year. Future Pell Grant awards will depend on federal funding.

Federal Supplemental Educational Opportunity Grant (FSEOG) is a federal aid program that provides assistance for students with need. The grants may range from $100 to $4,000 a year.

The Federal Work-Study Program (FWSP) is a program with proportionate shares of funds provided by the federal or state government and by Divine Word College, which enables students with demonstrated financial need to work on campus while in attendance normally at the rate of $7.50 per hour or minimum wage, whichever is higher for maximum award of $1,680 per academic year to pay for part of their educational expenses.
The Federal Perkins Loan Program is a cooperative loan program between the federal government and Divine Word College that is administered directly by the Financial Aid Office of Divine Word College. The cumulative maximum amount of Perkins Loans a student may borrow is limited to $4,000 per year and $20,000 for all undergraduate studies. In no case shall the amount borrowed exceed the demonstrated financial need. A simple interest of 5 percent per year is charged on the unpaid principal beginning nine months after the student graduates or withdraws. Repayment can be extended over a 10 year period. Deferment of payments is available while serving in the Armed Forces, VISTA, or the Peace Corps. Loan cancellation is allowed for the years the borrower is in the Armed Forces in areas of hostilities, or serves as a full-time teacher of the handicapped or preschool students in the Head Start programs, or in schools where 30 percent of the students come from low income families.

The Direct Loan Program enables students with financial need to borrow up to $3,500 for the first year, $3,500 to $4,500 for the sophomore year and $5,500 for each of the junior and senior years to an undergraduate cumulative maximum amount of $23,000. These yearly maximum amounts may be less if you receive other financial aid to cover a portion of your cost of attendance. A guarantee and/or origination fee of up to four percent will be charged and deducted proportionately from each disbursement of the loan to offset the federal interest subsidies. Repayment of these loans begins six months after the student graduates or withdraws. The interest rate could change each year on July 1 depending on the changes to the Federal Treasury bill interest rate, but will never exceed 8.25 percent.

Iowa Tuition Grant (from the Iowa College Student Aid Commission) are awarded to Iowa residents enrolled at one of Iowa’s eligible private colleges and universities. Priority is given to applicants with the greatest financial need. The statutory maximum award is set at $6,000, although the maximum award for an academic year may be less depending on the funding available and number of projected recipients. Recipients can receive grants for up to four years of full-time, undergraduate study. Part-time students may be eligible for adjusted amounts. Applications should be filed by June 1 before the academic year in which the student wishes to receive a grant.

Educating Tomorrow's Missionaries  35
Semester Plan

The academic calendar is divided into two semesters, each ordinarily having a minimum of 15 weeks of instruction. The first semester begins in August and ends before the Christmas holidays. The second semester begins in January and ends in May.

Credit Hours

A semester hour generally represents one class hour a week or two class hours of laboratory or studio art a week for one semester. As a rule, the student is expected to devote at least twice this amount of time to class preparation and reading.

Student Classification and Academic Standings

Students are classified according to their program of study. Divine Word College offers three programs: English as Second Language, Undergraduate, and Special.

An ESL Student is enrolled in the Intensive English Language Institute with the intention of obtaining an undergraduate degree from Divine Word College.

An Undergraduate Student is enrolled in a degree program with the expectation that the student will obtain a degree from Divine Word College.

A Special Student is defined as one who, on a full-time or part-time basis, is taking courses either in the IELI or the College and does not intend to earn a degree from Divine Word College.

Undergraduate Students are further classified by their academic standing which is determined according to the number of credit hours they have earned toward graduation. The academic standings are as follows:

<table>
<thead>
<tr>
<th>Class</th>
<th>Credits Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>0 to 31</td>
</tr>
<tr>
<td>Sophomore</td>
<td>32 to 63</td>
</tr>
<tr>
<td>Junior</td>
<td>64 to 95</td>
</tr>
<tr>
<td>Senior</td>
<td>96 or more</td>
</tr>
</tbody>
</table>
Student Academic Load

A student taking 12 credit hours or more per semester is considered full-time; less than 12 credit hours is considered part-time. In order to meet the 125 credit hour requirement for graduation in eight semesters, a student should average 16 credit hours each semester. A student is expected to carry a minimum of 15 credit hours each semester. For good reason a student may petition the Vice President for Academic Affairs for a reduced load. However, this may extend the academic program beyond the normal four-year program. A credit hour load of 19 or more hours is considered an overload, which needs the approval of the academic advisor, the Dean of Students, and the Vice President for Academic Affairs. Approval is usually given only if the student’s cumulative grade point average is 3.00 or above. A registered audit does not count toward the student load.

Policy on Double-Counting of Courses

Double-counting is the practice of using the same course for meeting two different sets of academic requirements: core curriculum and a major, two majors, a major and a minor, two minors, or a major and a certificate program. The following rules will apply to the practice of double-counting:

- limited to 6 credits for all students. Under extenuating circumstances, a Department Chair may permit one additional double-counted course to meet degree requirements;
- should be avoided between Core Curriculum and majors;
- should be limited to one course between a major and minor;
- should be avoided between two minors to assure sufficient number of unique credits in each area;
- any credits released by double-counting to meet degree requirements would be applied to electives so that no program would require additional courses to make up for the double-counted course;
- triple-counting is never permitted, and;
- all courses taken to fulfill the requirements of a certificate program may also count toward the major within that area.
College Language Policy

Students are required to speak English in all public and private areas of the College campus. Consistent use of English is essential for acquiring the professional competency needed for academic success, for facilitating effective interpersonal communication, and for building intercultural community. Students, faculty, staff, and formators are responsible for creating a mutually supportive academic and formation environment wherein students may continually improve English fluency and wherein all may feel included and welcomed. Special exceptions apply from 7:00 p.m. Friday through Saturday, during cultural celebrations, emergencies, and other common sense occasions (spiritual direction, counseling, entertaining guests). Students who fail to adhere to the English Language Policy are subject to disciplinary action.

The Vice President for Academic Affairs and the Vice President for Formation will periodically explain and review the implementation of this policy.

Transfer Credits

Courses taken at another institution prior to matriculation

Requests for transferring credits earned at other institutions are evaluated on a case-by-case basis. Whenever possible, requests for credit transfer are evaluated at the time of admission. When this is not possible, applicants will be advised about their transfer credit requests after they matriculate.

Credit for courses completed with a grade of “C-” or above at accredited (tertiary) institutions is generally transferred. AP and CLEP credits are also transferable. However, Divine Word College reserves the right to judge both the quality of those courses and their equivalence to specific courses in its own program.

The Registrar, in consultation with the Vice President for Academic Affairs, makes a preliminary assessment of the transfer credit request and recommends to the Department Chair which courses might transfer and how they might transfer to a student’s degree plan. Responsibility for rendering a judgment about credit transfer requests rests primarily with the Department Chairs in consultation with the program faculty who are experts in the content of the courses.

The applicant may appeal the decision of the Department Chair to the Vice President for Academic Affairs who will make a final decision in consultation with concerned faculty.

Transferred credits are applied towards specific Divine Word College courses if the content and the scope of the two courses are equivalent or substantially
similar. If not, they may be applied as elective credits to the Core Curriculum, or one of the degree programs, as their content may be appropriate. Credits accepted for transfer but not applied to Core Curriculum or to a degree program are applied toward general elective credits. If the previous course is partly equivalent to a Divine Word College course, partial credit may be awarded toward the Core Curriculum or toward a degree program with the remainder going to general elective credits.

Decisions on credit transfer requests are made on a basis of official course descriptions, e.g. those in another institution’s catalog. Course titles alone are insufficient to establish equivalency or similarity of content. In some cases additional information may be required, such as course syllabi and other course materials as evidence. Where good reason exists to doubt the quality of a course or the level of the student’s knowledge, the student may request testing to support a credit transfer request, and the Vice President for Academic Affairs may authorize the program faculty to administer an appropriate test. In such instances, students should be given sufficient information about the content area that will be covered by the test and a reasonable amount of time to prepare for the test.

Regardless of the grade a student has earned in a previous course taken at another institution, a judgment of language and mathematical skills would be made on the basis of placement tests (please refer to Placement Tests elsewhere in the Catalog). Students who fail the placement tests will be required to retake the prescribed language and mathematical skills courses. Students who transfer in a previous college-level math course will be exempted from taking a math placement test.

In transferring courses, quarter hours are converted to semester hours.

Since the grade point average is computed solely on courses taken in residence, quality points taken prior to matriculation are not transferable for the purpose of computing grade point average.

**Courses taken at another institution after matriculation**

Students already matriculated in degree programs at Divine Word College may take a limited number of courses at other accredited institutions of higher education and transfer credits to Divine Word College for any of the following reasons or goals:

- to gain added skills, proficiencies, knowledge, or perspectives;
- to avoid overloads (more than 18 credit hours) in later semesters;
- to permit an underload for purposes of discernment, as approved by the academic advisor and formator;
- to graduate on time, avoiding an extra semester in which only one or two courses would be needed, or;
- necessary because the student is behind in a sequence of required courses.
Courses taken at another college or in summer sessions after matriculation at Divine Word College, if accepted, are computed and added to credits for courses taken at Divine Word College, and are computed in the grade point average. (Refer to the “Non-standard Courses” section.) Students who wish to transfer credits from these courses to Divine Word College should have them pre-approved by their Academic Advisor and the Vice President for Academic Affairs.

Students enrolled in the Intensive English Language Institute at Divine Word College may enroll in summer courses at other institutions designed to help them improve their English proficiencies. Matriculated students may also take courses to improve specific English skills. These non-credit courses do not require pre-approval, but students should check their content with members of the IELI teaching staff beforehand to ensure that the courses meet the student’s needs.

**Proficiency Examination**

Students wishing to obtain credit and advanced standing based on work done outside of a course of instruction at the College may do so by passing an examination in the subject as may be prescribed by the department concerned. College credit will be granted only for a grade of “C-” or above.

**Class Attendance**

Students are expected to attend every session of the courses in which they are registered. When circumstances arise that are beyond a student’s control, the student may be excused by the instructor from attending a class. Whenever possible, a student should obtain written permission in advance to be absent from a class from the course instructor and the Dean of Students. In situations where obtaining prior permission is not possible, the student must submit, as soon as possible, the class absence form signed by the Dean of Students. Absence forms submitted later than two weeks after the class absence may not be accepted.

All absences are considered unexcused until a class absence form is signed by the Dean of Students and the instructor of the course. A student who is late for class may be marked absent.

Unexcused absences totaling more than the number of semester hours in the course may lead to failure in the course. When a student misses as many classes as the course has semester hours, the instructor gives a written notice of possible course failure to the student, with copies to the Vice President for Academic Affairs and the Dean of Students.

Regardless of whether the absence was excused or unexcused, the student is responsible for completing all class work and missed assignments or equivalent
work as determined by the instructor. Students who miss examinations or other assignments because of an excused absence, normally because of a medical or legal reason, will be permitted to make up the work.

Excused absences totaling a third of total course sessions may lead to a failing grade unless the instructor and the Vice President for Academic Affairs approve other accommodations. Two basic rules apply to all excused absences:

1. students must still meet all course requirements, and;
2. instructors must offer reasonable assistance in making up missed coursework.

A student’s failure to return to the College from a vacation period on dates specified in the Divine Word College Activities Calendar ordinarily results in that student being placed on disciplinary probation. Whenever possible a student needing to return later than the calendar-specified dates should discuss the situation with the Dean of Students well in advance of the departure for the vacation period. The Dean of Students evaluates any extenuating circumstances, such as unpredictable weather delays or unavoidable public travel delays that may have contributed to a student’s unexcused absence. Unexcused late arrival for a student already under the sanction of disciplinary probation may result in the student’s dismissal from the College.

**Schedule of Classes**

A schedule of classes is published by the Registrar’s Office prior to the beginning of each semester indicating the instructor, class time, and classroom for the courses being offered. Courses with insufficient enrollment may be canceled.

**Academic Advising**

The purpose of academic advising is to foster the intellectual development of students by offering assistance and guidance in all aspects of their academic life as they progress through the Intensive English Language Institute (IELI) or undergraduate programs. English language students are placed with advisors in the IELI program upon arrival at the College. Students enrolling directly into the College and students matriculating from the IELI are assigned to the Academic Advising Director. Once students declare a major they receive a major area advisor.
Academic advisors provide the following services:

- meet with advisees during registration period or orientation (new students) to help them with registration;

- provide advisees with accurate information about educational programs, requirements, policies and procedures;

- initiate meetings with new students after registration within two weeks of the new term and again at mid-term to ascertain how the student is adjusting and, if necessary, re-evaluate the student’s course load;

- meet as required with returning students in order to monitor their academic progress, inquire about their study habits, review their four year plan, and discuss their long term goals and how best to prepare for these goals;

- help students select courses best suited to their educational goals, interests, and abilities consonant with a student enrolled in a liberal arts college seminary;

- check advisees’ online grades on a regular basis and contact instructors as needed for specific information relating to students’ progress;

- assist students on academic probation in making specific plans for improving academic performance, and;

- make appropriate referrals to other services such as counseling, financial aid, and formation.

Students should familiarize themselves with academic advising procedures and maintain periodic contact with their advisor. The actual frequency of meetings will be determined by the needs of the student, the advisor and the governing regulations of the College as outlined in the Student Handbook.

The responsibilities of the advisee are to:

- Become familiar with the College Catalog, especially with the IELI requirements, Core Curriculum requirements, and the requirements of the major programs as needed.

- Be prepared with accurate information for appointments with the advisor. (This includes not only information on academic majors, minor, and electives, but also the rules and regulations in force as stated in the College Catalog).
• Be open to advice and guidance regarding course selection and its relevance to vocational and long-term educational goals.

• Accept final responsibility for all decisions.

Registration

Students register for classes through their academic advisors. Toward the end of each semester, registration is held for the following semester. New students register for their first semester during Orientation Week of their first semester.

Change of Registration

Drop/Add/Change
Classes may be dropped, added, or changed during the first two weeks of the semester. Students meet with their academic advisors to drop, add or change courses. Course changes will not ordinarily be allowed after completion of the second week of the semester. Exceptions are authorized by the Vice President for Academic Affairs.

Withdrawal
To withdraw from a course, the “Drop/Add/Change” regulations are to be followed. The deadline to submit a written request for withdrawal is five class days after the date of mid-semester. Only in exceptional cases will a request for withdrawal beyond this date be considered. If permission is given for withdrawal from a course, a grade of “WP” (Withdrawal Pass) or “WF” (Withdrawal Fail) is given according to the instructor’s evaluation of course work completed. A grade of “F” (Failure) is given for any course dropped without authorized approval.

Auditing of Classes
To audit a class, the student must obtain the approval of the instructor of the course, the academic advisor, and the Vice President for Academic Affairs. Auditors are expected to attend all classes, but they are not responsible for assignments, tests, and examinations unless required by the instructor.
Year Abroad Program

Divine Word College has established for its SVD candidates a Year Abroad Program in the Philippines. Approved candidates will spend their junior year studying and participating in the Academic and Formation Program of Christ the King Major Seminary, a college seminary operated by Divine Word Missionaries in Quezon City, Philippines. Students in the program will have the opportunity to study Tagalog, take college classes, and participate in some type of pastoral ministry.

To apply for the Year Abroad Program, the SVD candidate must have a U.S. passport or be a lawful permanent resident (LPR) in the U.S., must have a cumulative GPA of 2.5 or above, and must have earned 48 credit hours at DWC and have declared a major.

Objectives of the Year Abroad Program

- To broaden an SVD candidate’s general and liberal education, the candidate will experience wide and extensive contact with a different country and culture, encountering different social and political views. Through these experiences, he is able to discover that all the world’s peoples and cultures are related and interdependent.

- By living in a different culture/country, the candidate is presented with the opportunity to define his own personality and his value system. This encourages growth in personal freedom, individual responsibility, self-knowledge, and self-confidence.

- By attending an SVD seminary in a foreign country, the SVD candidate will have direct experiences with the mission work of the Society of the Divine Word. He will see the hardships and rewards, and the difficulties and joys of missionary work. In a very personal way, the Year Abroad Program gives the candidate the opportunity to discern his own calling to missionary life.

- The Year Abroad Program is a definite asset to intercultural living and training in intercultural competence as promoted by Divine Word College. Candidates who return from the experience will bring new insights and knowledge to faculty, students, and staff.

General Requirements for a Bachelor of Arts Degree

The candidate for a Bachelor of Arts Degree must fulfill three requirements: the Core Curriculum, the Major Coursework and the Minor Coursework.
Core Curriculum - A candidate completes the Core Curriculum as described in the section under Academic Programs.

Major - Candidates must declare their intended major no later than the end of the sophomore year. The Major Declaration Form may be obtained from the College’s Registrar and also from the Internet. Candidates must complete all requirements for a major and earn a cumulative 2.00 grade point average in the courses within the major. Candidates must complete all degree requirements specified in the College Catalog in effect at the time the student selected their field of concentration, unless otherwise specified, or a waiver is granted by the Department Chair.

Minor - In addition to a major, students are required to earn a minor, unless they pursue, with approval, a double major. Priesthood candidates must earn a minor in Intercultural Studies. Requests for an exception to this policy may be granted on an individual basis by the Vice President for Academic Affairs.

Double Major

Some students may wish to broaden their education by pursuing a program of study that includes a second major. This is a choice that requires careful consideration because of the commitment of time and resources that a degree program with two majors requires. It is important to keep in mind that, under normal circumstances, the time to earn an undergraduate degree at DWC should not exceed four years.

Concurrently fulfilling the requirements of a second major does not lead to a second degree at DWC. The College offers only a Bachelor of Arts degree at this time. Those who graduate with two majors will receive only one diploma that lists both majors: For example, Bachelor of Arts, majoring in Philosophy and Intercultural Studies.

Requirements for graduating with a double major include the Core Curriculum requirements and the requirements of any two major programs of study. Students who wish to pursue a double major should be aware that:

- the number of required credit hours for a double major may vary, depending on the particular combination of majors;
- priesthood candidates are encouraged to select Intercultural Studies as their second major;
- because the double major option broadens their educational experience, no minor will be required of those who pursue a double major;
Academic Regulations

• choice of a double major is available only to those who have a standing of sophomore-level or above, and:

• students must have maintained a strong academic record as demonstrated by a cumulative GPA of 3.0 or higher at the time of applying for a double major.

Students must formally petition for a double major and have their petition approved by their Academic Advisor, the Department Chairs of both major programs, and the Vice President for Academic Affairs. The approved petition, along with an approved degree plan, must be submitted to the Registrar. The degree plan will list all the courses to be taken for graduation. Exceptions and later substitutions for the courses listed in the degree plan must be approved by the Academic Advisor, the Department Chairs of both programs, and the Vice President for Academic Affairs. Double-counting of courses toward the two majors is prohibited, except when permitted by policy.

General Requirements for Associate of Arts Degree

Students who seek an Associate of Arts degree must declare and be officially accepted to this program, preferably at the beginning of their first semester in the undergraduate program. Until a student is accepted as an official candidate in this program, the student is considered an undeclared undergraduate and is subject to the regular Core Curriculum requirements.

Second Degrees

Students wishing to complete a second degree at Divine Word College must meet the following requirements.

• One full year in residence as a full-time student at Divine Word College.

• The Divine Word College degree must be in a different major or field of concentration than the first degree. No more than six credit hours from a major in the first degree and no more than twelve credit hours total from the first institution may be transferred into the Divine Word College major.

• All requirements must be met for the Divine Word College major and minor. A corresponding minor taken at the first institution might be approved as sufficient even though it does not meet all Divine Word College requirements.
If the first institution has a general education or core program that meets the same broad liberal arts objectives as the Divine Word College program, the student does not have to complete the Divine Word College Core Curriculum. The adequacy is the judgment of the Vice President for Academic Affairs, in consultation with concerned faculty, which may require completion of some part of the Divine Word College Core Curriculum program if it is felt that the first institution’s core program was not wholly adequate.

**Academic Placement**

All new, full-time degree-seeking students are required to complete placement testing during orientation week or early in the semester in order to determine enrollment into the appropriate courses. Placement tests include reading, writing, and math skills, and understanding of the Catholic faith.

**English Language Proficiency Testing:** Students may be admitted to either the undergraduate program or the Intensive English Language Institute (IELI) if they require further language support. Test scores will determine which classes a student may take. A standardized test score consistent with the DWC Admission Policy of a TOEFL score of 550 (213 CBT or 80 iBT), such as a score of 72 or higher on the Cambridge English and University of Michigan Test (CaMLA) is required to directly enter the undergraduate program. All new students are required to take the writing and English language test, unless they have a Bachelors Degree from an American institution of higher learning. New students entering the undergraduate program may be required to take basic, non-credit bearing developmental courses as needed.

Students required to take an English language test may do so during the application process or any time prior to admission. If a student performs well on a language test and results indicate there is no need for IELI, the student will be exempt from taking the test during orientation week. On the other hand, if a student’s English language test score on a test prior to enrollment indicates he/she will need the IELI, the student may retake a test during orientation week to assess if his/her English language skills have changed.

**Math Placement Test:** All new freshmen and transfer students pursuing a degree will also take a mathematics placement test except those who transfer in with a college-level mathematics course. Placement in mathematics courses is dependent on the results of these tests. New full-time students who are not seeking a degree will be exempt from the math placement test. Students placed in the IELI will have their math assessment deferred until they are ready to begin undergraduate classes.
Test of Basic-Intermediate Theology (TOBIT): All incoming College freshmen take a placement test to determine their knowledge of fundamental Catholic doctrine and theology. Those who do not pass the Test of Basic-Intermediate Theology (TOBIT) will be required to take the remedial non-credit course TRS 090 (Faith, Beliefs, Traditions) in addition to and concurrently with the regular TRS 121 (Introduction to Catholic Theology) course.

Institutional Assessment

In order to determine how the various College Programs are meeting started learning objectives, Divine Word College has implemented three practices: the California Critical Thinking Skills Test, an automated Course Evaluation Process, and Area-specific Assessments.

Critical Thinking Test

In January of the academic year, all first-year students take the California Critical Thinking Skills Test (CCTST), which measures the student’s ability to analyze, synthesize and/or evaluate information that may come from observation, reflection, reasoning, or communication. This is an important skill that contributes to academic success. The student again takes the test in April of his/her senior year as a measure of improvement in this area. The results do not become part of an individual student’s record, but are only used to assess the College programs’ success in assisting the students to develop critical thinking skills.

Course Evaluation Process

Each semester the school administers a course evaluation directed to all undergraduate and IELI classes. This automated survey produces useful feedback, which the teacher and school can use to improve the quality of instruction. The process gathers information about the impact of learning and of teaching practices on student learning. The purpose of this automated and anonymous process is to:

- facilitate the routine evaluation of each course;
- encourage teaching staff to reflect on effective course design and delivery;
- provide a mechanism for students to provide feedback to enhance the quality of learning and teaching;
- collect information concerning the implementation of the Student Learning Outcomes, and;
- gather evidence that may be used to demonstrate quality teaching and curriculum design.
Area-specific Assessments

Philosophy Degree Program Assessment

**Philosophy Courses:** At the end of every semester, students provide an evaluation of individual philosophy courses that assesses the degree to which the Philosophy Student Learning Outcomes, as identified in course syllabi, have been addressed in the course.

**Philosophy Senior Seminar:** The two-credit Philosophy Senior Seminar (PHI 498) measures the degree to which the student can synthesize philosophical knowledge and the degree to which the Philosophy Student Learning Outcomes are being addressed. On an annual basis, Departmental faculty review the results of these assessments and make appropriate adjustments in course content, delivery, and curriculum. A strong basis in philosophical content and methodology from previous classes is essential for success in this seminar. Students are challenged to identify philosophical views and presuppositions in non-philosophical works, and to detect how different areas—from Ethics, Philosophy of Human Nature, Metaphysics, and Epistemology—interconnect to form a coherent worldview.

**Philosophy Senior Synthesis Capstone:** The one-credit Philosophy Senior Synthesis Capstone (PHI 499) measures students’ ability to apply appropriate methods of philosophical analysis and argument to critical issues of contemporary or perennial relevance and to propose viable alternative responses in the context of a major research paper and public presentation. Therein, students articulate a personal and integrated philosophy for Christian faith and service. The Philosophy Senior Synthesis Capstone provides an opportunity to assess the degree to which both the Institutional Student Learning Outcomes and the Philosophy Student Learning Outcomes are being addressed, and to make appropriate adjustments in the Core and Philosophy curricula.

Theology & Religious Studies Degree Program Assessment

**The TOBIT Test** is administered again to all college seniors to assess the extent to which the curriculum facilitated growth in fundamental Catholic doctrine and theological knowledge, identify areas of deficiency, and to make appropriate changes.

**Theology & Religious Studies Courses:** At the end of every semester, students provide an evaluation of individual theology courses that assesses the degree to which the Theology & Religious Studies Student Learning Outcomes, as identified in course syllabi, have been addressed in the course.
Theology & Religious Studies Senior Synthesis Capstone: The one-credit Theology & Religious Studies Senior Synthesis Capstone (TRS 499) measures students’ ability to apply appropriate methods of theological analysis to critical issues of contemporary or perennial relevance and to propose viable alternative responses in the context of a major research paper and public presentation. Students develop and articulate a personal synthesis of their previous studies in areas such as: God, Christ, Church, Prayer & Spirituality, Sacramental & Liturgical Theology, Sacred Scripture, Catholic Social Teaching, Ecumenism & Interreligious Dialogue, and Missiology & SVD Prophetic Dialogue. The Theology & Religious Studies Senior Synthesis Capstone provides an opportunity to assess the degree to which both the Institutional Student Learning Outcomes and the Theology & Religious Studies Student Learning Outcomes are addressed. On an annual basis, Departmental Faculty review the results of these assessments and make the appropriate adjustments to be made in the Core and TRS curricula.

Intercultural Studies Degree Program Assessment

Intercultural Studies Courses: At the end of every semester, students provide an evaluation of individual ICS courses that assesses the degree to which the Intercultural Studies Student Learning Outcomes, as identified in course syllabi, have been addressed in the course.

Intercultural Studies Capstone: The one-credit Intercultural Studies Capstone (ICS 499) measures the student’s ability to demonstrate intercultural empathy and proactivity through self-awareness of his/her own cultural awareness and comparative reflection on moral values as well as how to engage these dynamics in multicultural society. This is done through a research project of the student’s own choosing demonstrating the student’s ability to address an issue which has intercultural implications and the development of intercultural skills necessary to be a successful missionary or minister in the Church. The ICS Capstone provides an opportunity to assess the degree to which both the Institutional Student Learning Outcomes and the Intercultural Studies Student Learning Outcomes are addressed. The Department faculty meet once each year to discuss the results of these assessments and to make the appropriate adjustments in the Core and the ICS curricula.

Formation Assessment

Religious Formation Program—Assessment: The formation program is evaluated using the Religious Formation Program—Assessment (RFP-A), a 30-point evaluation of each student by the members of the Formation Team. Assessment is completed for students in the second year of studying in the Intensive English Language Program, the second
year in the regular college, and finally the senior year. The scores of those evaluated form an aggregate score in each item scored and the total score. This allows the formation program to “close the loop” in terms of what improvements might be made in the formation program so that students are meeting the development goals set in the formation program. The scores in the RFP-A do not become part of any student’s cumulative record.

**Graduation Requirements**

**Credit Hours** - 125 credit hours are required for graduation.

**Grade Point Average** - a cumulative grade point average of 2.00 or more for all college work attempted.

**Residence** - at least the last 30 credit hours of instruction in residence at the College and must pass at least twelve credit hours in the major. Exceptions may be made by the Vice President for Academic Affairs in consultation with the Chairs Council.

**Academic Honor Code**

As members of an academic community that places a high value on truth, ethical conduct, and the pursuit of knowledge, Divine Word College students and faculty are expected to be honest in every phase of their academic life.

Higher education encourages the free and open exchange of ideas. Divine Word College, therefore, recognizes the value of learning collaboratively and building on the work of others. When practiced honorably, collaboration and synthesis provide opportunities to deepen understanding, create new knowledge, and develop one’s own voice. To effectively facilitate this dialogue, participants have an ethical responsibility to appropriately cite all outside sources of information, and to take credit for only the work that is theirs alone.

Unless otherwise specified by the instructor, students must complete assignments by themselves (or if on a team assignment, with only their team members). If students use sources of any kind, they are expected to cite these sources accurately and appropriately. Each student has the responsibility to maintain the highest standard of academic integrity and to refrain from plagiarism, cheating, falsification or fabrication of data, or any other form of academic dishonesty.
Academic Regulations

Plagiarism is a major form of academic dishonesty. Acts of plagiarism are acts of theft and fraud because they involve the misrepresentation of another’s work as one’s own to earn academic credit. Plagiarism also interferes with learning to the extent that the offender circumvents the required learning processes. Acts of plagiarism include, but are not limited to, the following:

- submitting as one’s own the work of another such as a report, lab report, examination paper, computer file, research papers, articles, drawings, or other forms of intellectual property obtained from any other person, agency, or source, including the Internet;

- direct copying of any source that is someone else’s, such as written or verbal material, computer files, audio disks, video programs, or musical scores, whether published or unpublished, in whole or in part, without proper acknowledgment;

- paraphrasing of another’s work or ideas without proper acknowledgments, and;

- other forms of academic dishonesty include, but are not limited to:
  - presenting as one’s own work materials translated from sources in other languages;
  - presenting copyrighted or trademarked materials without obtaining proper permissions;
  - copying some or all of a presentation from a website such as a TED talk or YouTube video;
  - cheating on a test by copying from the paper of another student;
  - using unauthorized sources of information such as crib notes or using a smart phone during a test;
  - having another student take an online test or working together on an online test;
  - submitting the same paper for different courses, and;
  - falsifying data or fabricating evidence.

Instructors at Divine Word College have a responsibility to ensure that our students are educated about policies on plagiarism and ways of avoiding it. Instructors should include in their course syllabi a helpful statement about plagiarism. Incidents of academic dishonesty among students at Divine Word College will be handled initially by the instructor of the course in which the violation occurs. The instructor may consult with the student’s academic advisor and/or the Department Chair prior to taking appropriate action. The penalties for the infractions will depend on the severity of the incident, and the frequency of the infractions. For the purposes of determining severity and appropriate sanction, plagiaristic offenses are classified into two levels:
**Level 1 Offenses** are generally based on ignorance of the rules for citing sources. Examples include:

- Using an improper citation
- Copying any part of any source with only minor changes in wording and syntax, even with acknowledgment of the original source.
- Collaborating in an unauthorized manner with another student on an assignment

Possible Sanctions for Level 1 Offenses:

- Face-to-face meeting with student and instructor to educate the student about plagiarism (within 1 week)
- Verbal warning and policy review
- Loss of credit for the assignment (partial or total)
- Possibility of making up the assignment for a lower score (at discretion of instructor)
- Written notification of incident, including evidence, placed in the student’s file

**Level 2 Offenses** are seen as deliberate attempts to deceive the instructor and take credit for the work of others.

The Department Chair, the Vice President for Academic Affairs, and the Dean of Students will receive written notification from the instructor of all Level 2 incidents of academic dishonesty, including evidence. Examples include:

- Plagiarizing a substantial amount (more than one sentence, or more than one instance per paper)
- Translating material from foreign language sources without citation.
- Copying and pasting from several outside sources without citations
- Copying part or all of a presentation from a video posted online
- Turning in work that was partially or wholly done by someone else
- Turning in the same paper for more than one class
- Falsifying data or making up data to support claims
- Cheating on a test
- Repeating a Level 1 offense
Sanctions for the first Level 2 Offense:

- Face-to-face meeting with student, instructor, and student’s academic advisor (within 1 week)
- Written warning with evidence placed in student’s file
- Loss of credit for the assignment
- No possibility of making up the assignment

A second Level 2 Offense, in the same course or another, will lead to academic probation. A third Level 2 Offense in any course will lead to failure in the course and a grade of WF on the transcript. A fourth Level 2 Offense in any course will lead to dismissal from Divine Word College.

Students who feel they have been unfairly accused of academic dishonesty have the right to petition for review to the Department Chair. The Department Chair will meet with the student and the faculty member and examine the evidence to make a judgment about the fact of plagiarism and the sanction imposed. If the student is dissatisfied with the Chair’s decision, the student has the option of petitioning the Vice President of Academic Affairs to request a review of the case and the evidence. Students must make the request within two weeks of the incident. The Vice President of Academic Affairs will refer the case to the Academic Appeals Committee which will make a recommendation to the Vice President of Academic Affairs to uphold the sanction, modify the sanction, or dismiss the sanction. In any disputed case, the decision reached by the Vice President of Academic Affairs is final and binding. In the case of a sanction that involves the student’s dismissal from the College, the Dean of Students and the President will be consulted.

Grade Changes

Under normal circumstances, only the faculty member administering the course may change a grade. Routine changes in grades are permitted only when a computational error has been made. A student who thinks that they have received an improper grade must confer with or notify the faculty member immediately upon receipt of the grade. When conferring with the faculty member, it is appropriate for the student to bring the course syllabus, all graded assignments, quizzes, and tests for the interview. All grades are final three months after they are posted.

Grade Appeals

When students elect to appeal a course grade that they believe to be improper, the student shall confer with the course instructor within thirty (30) days from the date that the grade is recorded by the Registrar’s office. During this interview, the
student should bring the materials noted above in the section “Grade Changes.” If the issue is not resolved between the student and the instructor, the student may appeal to the Department Chair. If the issue continues to be unresolved, it may then be appealed in writing, with appropriate documentation, to the Vice President for Academic Affairs. If appropriate, the Vice President for Academic Affairs may request a neutral faculty member to review the submitted documentation and submit a recommendation. Upon receipt of the recommendation and/or a request for a hearing, the Vice President for Academic Affairs will evaluate all the submitted materials and make a final determination concerning the student’s grade appeal. The student and the instructor will be notified in writing of this final determination. Once a final decision has been made at this level, the student shall not have any further appeals.

“I” indicates the course work has been satisfactory but, because of illness or other circumstances beyond the student’s control, the student is unable to complete the course work by the end of the semester. The student must petition the instructor for approval of the Incomplete. Under normal circumstances, the course work must be completed within three weeks after the first day of the following semester. If an extension of time is necessary, the Vice President for Academic Affairs must approve the extension. If the course work is not completed within the designated time, the “I” becomes an “F”.

“AU” Registered Audit - Indicates the student attended and fulfilled all requirements as an auditing student. No grade or credit is given.

“WF” Withdrawal Fail - Indicates an authorized withdrawal from a course while failing. A grade of “WF” is not computed in the grade point average, but is counted among attempted courses.

“WP” Withdrawal Pass - Indicates an authorized withdrawal from a course while passing. A grade of “WP” is not computed in the grade point average, but is counted among attempted courses.
“P/F” indicates the passage or failure of the course. Requests for the P/F option require the signature of the academic advisor and the instructor, and must be made to the Registrar by the deadline for registration. P/F grades are included in the student’s transcript. P/F courses may not be used to fulfill major or minor requirements. Core curriculum courses cannot be taken on a P/F basis. A student on academic probation may not register for any course on a P/F basis. A “P” grade satisfies prerequisites. A grade of “P” indicates a final course grade of “C-” or above. A grade of “P” is not computed in the grade point average, but is counted among attempted and earned courses.

Grade Point Average

The semester Grade Point Average (GPA) is determined, at the end of the semester, by the ratio of the total number of grade points received to the total number of credit hours carried in that semester. The Cumulative Grade Point Average (CUM) is the average of all courses taken at or recognized by the College. A Major Field Average is computed from the total courses taken within the major.

Retaking a Course

A student who receives a final grade of “D” or “F” in a course may retake the course at the College or during the summer at an accredited college. Retaking a course must be approved in advance by the Academic Advisor and the Vice President for Academic Affairs. In the computation of the student’s grade point average, only the latest grade is included. The original grade is not expunged from the record, but is noted as a repeated course. Retaking a course after credit has been granted does not result in additional credit.

Academic Probation

Failure to maintain the following minimum cumulative grade point average (Cum) automatically places a student on academic probation: 1.7 for freshmen at the end of the first semester; 1.8 for freshmen at the end of the freshmen year; 1.9 for sophomores at the end of the first semester; 2.0 for sophomores at the end of the sophomore year; 2.0 for all juniors, seniors, and special students.

A student on academic probation is given a written warning by the Vice President for Academic Affairs as to his/her status together with a statement of procedure. If a student is under 18 years of age, parents or guardians are notified concerning probationary status.
Students should not take more than 16 credit or non-credit hours during semesters in which they are on academic probation. For an exception, the student must appeal to the Vice President for Academic Affairs.

A student’s academic advisor may recommend that a student take fewer than 16 credit hours during the semester(s) of academic probation. The student may appeal the advisor’s decision to the Vice President for Academic Affairs.

Whenever a student is placed on academic probation, the Vice President for Academic Affairs (VPAA) will:
- consider the student’s case promptly;
- consider non-academic talents, and especially vocational growth of the student, in establishing the conditions for remaining as a student at the College;
- establish the conditions under which the student may return to good standing;
- determine automatic refusal of registration to be effective at the end of any semester in which the student fails to satisfy the conditions set by the VPAA;
- determine immediate dismissal if it is obvious that the student will not satisfy the conditions set by the VPAA, and;
- reconsider the student’s case at the beginning of each succeeding semester in which the student is on probation.

After being placed on academic probation, the student has a maximum of two semesters to attain the required minimum cumulative grade point average (cum). If there are compelling extenuating circumstances, the student has three semesters to attain the required minimum cumulative grade point average. A student may appeal the decision of the Vice President for Academic Affairs to the President. Dismissal is automatic if the student does not attain the minimum cumulative grade point average for the student’s classification by the end of two consecutive semesters after being placed on academic probation, unless the student is given a one semester extension by the VPAA for compelling, extenuating circumstances, or after three non-consecutive semesters on academic probation in the case of extenuating circumstances as determined by the VPAA.

A student must meet the standards of satisfactory progress for continued eligibility in the federal student aid programs. These are listed in the Student Financial Resources section.
Disciplinary Probation

The College expects students to maintain the standards of conduct and good citizenship outlined in the Student Handbook. This document also describes disciplinary regulations and due process.

Academic Fresh Start Program

The academic fresh start program at DWC permits students who were dismissed for academic reasons or who left while on academic probation to return to the College after a period of non-enrollment to resume their degree program. It is a fresh start in the sense that course work completed at DWC prior to the readmission will not be counted in the GPA calculation. However, all course work will remain in the transcript. Other conditions that apply are:

- Students must reapply for the academic fresh start program and must be granted readmission by the Admissions Committee. Readmission under this program will be granted only onetime.

- For readmission under the Academic Fresh Start Program, students must have a minimum of two years of non-enrollment at DWC. If they enroll at another institution during this period, they must not have earned a grade below a ‘C-’ in any course completed at that institution.

- Students must show evidence that the situation that led to their poor performance has been corrected.

- From the list of courses completed elsewhere prior to readmission only those in which the student earned a “C-“or above will be counted toward the degree requirements.

- The notation “academic fresh start” will be attached to the transcript for all the course work completed or attempted after readmission.

Academic Honors

**Dean’s List** - Full-time students whose grade point averages are 3.50 or above in a given semester are eligible for citation for distinguished scholarship. The Dean’s List is published at the end of each semester. Anyone who has received an “I” or “F” is automatically disqualified.
Graduation Honors - Academic honors are awarded in recognition of superior scholarship. These honors are announced at commencement and are inscribed on the recipient’s diploma.

- The distinction “Cum Laude” (with honors) is given to a student whose grade point average is 3.50 or above.
- The distinction “Magna Cum Laude” (with great honors) is given to a student whose grade point average is 3.70 or above.
- The distinction “Summa Cum Laude” (with highest honors) is given to a student whose grade point average is 3.90 or above.

Non-standard Courses

Courses from Other Institutions - Courses may be taken at other accredited institutions to fulfill academic requirements. Students already matriculated at the College who desire to take courses at another institution, should submit the course(s) with the course description(s) to their academic advisor. Final approval is granted by the Vice President for Academic Affairs. These courses are considered as courses taken in residence and computed in the student’s grade point average.

Distance Learning - Online courses may be taken under the guidance of a Divine Word College instructor with appropriate expertise and may be recognized for credit by the College. The courses must have prior approval by the Vice President for Academic Affairs.

Individual Studies - A maximum of six credits will be allowed in a major or minor field of concentration for any of the individual studies as defined below, provided the Department Chair and instructor approves. Outside the major or minor field of concentration, no limit is established for the number of credits that may be earned in this way, provided the courses are in harmony with the student’s academic program.

Directed Independent Studies - Students may take courses privately, under the direction of an instructor, in a mutually selected area. Interviews between student and instructor are held periodically to ensure that a student is pursuing the goals of the course. A written or oral examination is required to measure achievement. Such studies may be undertaken by students who have received prior approval from the Department Chair and the course instructor.
Application for Graduation

Applicants for a degree must file an application with the Vice President for Academic Affairs before the end of the third week of the semester in which they intend to graduate. A graduation fee of $40 is required and must be paid to the business office.

Student Records

The policy of Divine Word College relating to confidentiality of student educational records is in keeping with the “Family Educational Rights and Privacy Act of 1974 as Amended” (FERPA). The statute governs access to records maintained by educational institutions and the release of educational information.

There are three rights that are guaranteed to students. Student have the right to inspect and review their educational records. Secondly, students have right to a hearing to challenge and amend the content of their educational records if it is found that the records are inaccurate or otherwise inappropriate. Thirdly, students have the right to request and receive copies of all or part of their records. The college charges $5 for an official copy of the transcript and 25 cents per page for any other documents. Student records or personally identifiable information may not be released without the written consent of the student to anyone except school officials or specified individuals or agencies who have legitimate educational interests.

The College may release “Directory Information” without written consent unless the student specifically requests that such information not be released. The following “Directory Information” may be released: name, address, telephone listing, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most recent previous school or institution attended, class schedule information, and other similar information.

Withdrawal/Exit from the College

Students who wish to discontinue their studies at the College prior to completing their programs are required to complete a Withdrawal Form. A student officially withdraws from the College on the date the signed Withdrawal Form is received by the Registrar. Students who do not intend to return to the College at the end of the semester or after the conclusion of their program must notify the Registrar’s Office and complete an exit interview with the Retention Coordinator and Financial Aid Officer.

Students who officially withdraw during an academic year are given a “WP” or “WF” for each course based on the instructor’s evaluation of the student’s class performance up to the time of withdrawal. Students who withdraw unofficially
during an academic year, i.e. without completing the requisite form for withdrawal from classes and from the College, receive an “F” grade in all classes listed on their official registration.

Under specified and limited circumstances, a student who withdraws during an academic semester may request permission from the Academic Advisor and the Vice President for Academic Affairs to complete course work by correspondence and receive a grade for the courses enrolled in at the time of withdrawal. Conditions that warrant the granting of such permission are outlined in the Faculty Handbook.

Transcripts

A transcript is the permanent academic record of the student. An official transcript is a copy bearing the College seal and the signature of the Registrar and is sent directly to the institution designated by the student. An unofficial transcript bears no seal or signature.

Requests for transcripts will be honored only if the request is made in writing by the student to the office of the Registrar.

The College does not release transcripts until all financial obligations have been met.

Replacement Diplomas

Divine Word College will not issue duplicate diplomas under any circumstances. If a diploma was permanently lost or destroyed, a replacement diploma may be ordered from the Registrar’s Office. Requests must be submitted by filling out the Replacement Diploma form, and sending it with a check for the fee amount listed on the form. Each replacement diploma follows the current diploma format and includes a notation stating that the diploma is a replacement of the original and listing the date of its preparation. All replacement diplomas bear the signatures of the current college officials.
General Information

This section of the Catalog contains the general objectives, degree requirements, and a listing of courses with brief descriptions offered within each degree program. It is intended to guide students in planning their degree program in an area of concentration.

Key to Course Numbers

The following convention is followed in establishing course numbers:

- 000-099 College preparatory work, conferring no credit hours
- 100-199 Freshman Courses
- 200-299 Sophomore Courses
- 300-399 Junior Courses
- 400-499 Senior Courses

The three letter prefix indicates the subject area. The first digit indicates the year the course is normally taken. The second digit indicates the division of topics within the subject area. The third digit may indicate a further breakdown within the topic.

Example: PHI Philosophy
PHI 210 Ancient Philosophy
PHI 320 Medieval Philosophy
PHI 330 Modern Philosophy

Roman numerals after the course name indicate the number of courses in which the particular subject is divided, such as Fundamental Spanish I and II.

Semester Designation

Courses are designated as being offered every semester, once per year, or on a regular two-year cycle. Other courses are not offered on a regularly scheduled basis, but are offered as needed if there is sufficient interest.

After the brief description of each course, the prerequisites for the course are given and also when the course is offered, e.g., Fall.
Core Curriculum

The primary goal of Divine Word College’s Core Curriculum is to lay the foundation for academic success and to support the College’s mission, core values, and Institutional Learning Outcomes.

The Core Curriculum provides undergraduate students with the basic skills, knowledge, and attitudes necessary to undertake study in the College’s major programs. Coursework is grounded in the liberal arts, centered on Catholic traditions, and guided by SVD values. The Core Curriculum supports students on the path to becoming engaged and active global citizens. It offers them the opportunity to gain valuable insights into themselves and the world as they discern their role in the 21st-century Church and prepare for missionary service in the spirit and charism of the Society of the Divine Word. Finally, the Core Curriculum develops and supports intellectual habits essential to lifelong learning.

Bachelor of Arts in Philosophy

Grounded in the Roman Catholic tradition of faith seeking understanding and the charism of the Society of the Divine Word, the Bachelor of Arts degree in Philosophy enables students to explore the fundamental philosophical problems related to the nature of Being, the human person, the good life, and the good society. Graduates will have acquired the critical and analytical skills to identify contemporary human and societal problems, to generate alternative viable solutions to controversial and vexing issues, and to apply sound philosophical principles to complex challenges confronting twenty-first century life in the context of Christian faith and service.

Student Learning Outcomes

- Articulate the philosophical views, theories, and methods contained in the primary works of historically important philosophers
- Develop the requisite critical and analytical skills to evaluate the philosophical assumptions and arguments contained in works across various academic disciplines
- Construct logically sound arguments in oral and written form
- Create a personal and integrated philosophy for Christian faith and service
- Apply appropriate methods of philosophical analysis to critical issues of contemporary relevance and propose viable alternative solutions

Bachelor of Arts in Theology & Religious Studies

Grounded in the Roman Catholic theological tradition and the charism of the Society of the Divine Word, the Bachelor of Arts degree in Theology and Religious Studies offers an integrated program of intellectual development, personal faith formation, and practical training for ministry. This program facilitates the acquisition of the academic knowledge, critical skills, and spiritual dispositions essential for integrating traditional Church teaching with contemporary pastoral issues encountered in ministerial practice. In preparation for ministry in intercultural and international missionary contexts, the curriculum takes distinctively SVD approaches to spirituality and mission with regard to the following: (1) academic study; (2) spiritual formation in community; (3) intercultural competence; (4) leadership training skills, and; (5) the dynamic integration of ministerial practice and theological reflection. Graduates will be prepared to serve the Church in diverse cultural and local contexts, to engage in primary and new evangelization, and to exercise collaborative leadership in a variety of parochial and ecclesial ministries.

Student Learning Outcomes

- Articulate the basic doctrines, traditions, and scriptural interpretations of the Church
• Distinguish between official Church teaching and theological opinion, recognizing how these find expression in diverse cultural contexts

• Integrate academic learning, spiritual formation, and theological reflection as foundations for pastoral ministry

• Apply appropriate methods of lay ministry, education, and faith formation within particular contexts in local churches

• Develop requisite attitudes and skills for dialogue with persons in ecumenical, interreligious, intercultural, and secular contexts.

Mission Statement of the IELI

The Intensive English Language Institute (IELI) supports the mission of Divine Word College by providing students with a culturally sensitive, supportive environment in which to build English language proficiency and academic skills needed for college success. The IELI also offers English language training for students who wish to improve their English language abilities for other purposes. The IELI provides students opportunities for language practice and creative expression of ideas by combining content-rich classes and learning experiences outside of class. Instructors regard students as motivated, self-directed individuals and respond to students’ varied learning styles and educational backgrounds by selecting instructional techniques and materials to facilitate progress toward fluent, accurate English. The curriculum is informed by up-to-date research in second language acquisition and applied linguistics. IELI faculty members are highly qualified and professionally active in the field of TESOL. The IELI is committed to continuous improvement in providing English language instruction and promoting greater intercultural competence at Divine Word College.

Structures and Policies

The IELI assesses the English language proficiency of newly admitted students and provides courses to students whose English proficiency is insufficient to meet the academic demands of the Divine Word College undergraduate programs. Full-time students in IELI receive 18-20 hours of instruction per week. Classes combine the skill areas of reading, writing, listening, speaking, grammar, pronunciation, and critical thinking. Particular care is taken to offer courses that prepare students academically as well as linguistically for work at the college level.

All policies outlined in Academic Regulations are followed except in the following areas:

Semester Plan

The first day of every semester begins with testing of new students. Based on their test results, students may be placed in Levels 1-5 for full-time study, or they are referred to the undergraduate Academic Advisement Director.

At midterm, instructors evaluate students’ progress in the course. If the student’s grade average falls below C (75%), the instructor meets privately with the student to discuss learning strategies that can lead to improvement of skills. The instructor then completes a midterm progress report including a summary of the challenges facing the student, an account of the meeting, and an action plan to help the student succeed. Midterm reports are shared with the Vice President for Academic
Intensive English Language Institute

Affairs, the Vice President for Formation, and the student’s advisors. The Director of the Institute also receives a copy to keep on file.

At the end of the semester, all IELI students take part in standardized testing of reading, writing, grammar/usage, and listening skills. The results of these tests, along with course grades and final exams, determine a student’s placement for the following semester.

Promotion and Matriculation

The Intensive English Language Institute (IELI) assesses students admitted to the IELI at the end of each semester to determine their readiness for promotion to the next level in the IELI or to fulltime studies in the undergraduate program. The IELI uses the following four benchmarks to assess student progress: final exam score, course grade average, standardized test score and writing test score. To be promoted from one IELI level to the next, students must achieve three out of four of the benchmarks:

- Final exam average of 80% or better
- Course grade average of 80% or better
- A standardized test score appropriate for placement at the next level
- A writing test score appropriate for the next level

To be recommended for fulltime undergraduate study, students must achieve three out of four of the benchmarks:

- Final exam average of 80% or better
- Course grade average of 80% or better
- A standardized test score consistent with the DWC Admission Policy of a TOEFL score of 550 (213 CBT or 80 iBT), such as a score of 72 or higher on the Cambridge English and University of Michigan Test (CaMLA)
- A writing test score of five or better

Students who fail to make satisfactory progress will be referred to the Vice President for Academic Affairs and the Vice President for Formation. Following the English language assessment as outlined above, students wishing to transition from the IELI to the college’s undergraduate program must complete a formal request—Application Form to Transition from IELI to Undergraduate Program. After a student obtains the signature of the Director of the IELI and the Dean of Students, the student submits the form to the Vice President for Academic Affairs for final approval. The Vice President for Academic Affairs writes a letter to the student approving or denying the request and sends a copy to the Registrar for the student’s permanent file.
Grading System

The IELI uses the same letter grading system as the undergraduate programs. The student’s final course grade is based on whether the student has met the strategic learning objectives for the course. The final exams are worth at least 40% of the course grade.

Registration

Registration takes place in accordance with college regulations. Students who fulfill the criteria for entrance into the undergraduate programs register at the beginning of the following semester, after taking the math placement test and the Theology and Religious Studies TOBIT placement test.

Auditing of Classes

IELI classes are not audited.

Academic Honors

The IELI does not have a Dean’s List or other academic honors. Upon completion of their studies, students receive a certificate of completion signed by the VPAA and the IELI Director.
