#### Grateful for DWC

Recently a benefactor of the college wrote to us from Minnesota after reading a copy of our newsletter, DWC World. He expressed deep appreciation for the encouragement he received from us sixty years ago! Here is what he wrote:

Dear Divine Word,

About sixty years ago, when I was attending a Catholic grade school, I had a pen pal relationship for a couple years with a young man who was a student at Divine Word Seminary. I don't remember his name and I never kept the letters, but his thoughts stirred me to consider the missionary life too.

Although I didn't pursue that specific life, I have lived a socially conscious life and I am very spiritual with a dependence and need for Jesus. I feel now that those letters, maybe, positively influenced my life.

I know there isn't any way to reconnect with that unknown young man. Maybe we'll meet in heaven. I just wanted to say "Thank you for caring about a boy, me!"

God bless you all. I look forward to receiving your newsletter and I'll be thinking of my unknown, and now probably deceased, pen pal as I read of the deeds of your graduate missionaries.

I lift a prayer of thanksgiving for your work.

Most sincerely,  
*David Elling*

*continued next page*

I love that he addressed his note to us with the words “Dear Divine Word...” It reminds me that while we each have a responsibility to call others to a closer following of Jesus, we also have a collective identity as “Divine Word.” I wonder how many people that we, as Divine Word College, will influence this semester. Sixty years from now someone may be writing to give thanks.

## DWC COVID-19 Dashboard

	Number of Tests	Tested Positive	Number Self-Isolated	Number Recovered	Vaccination Completed	Booster
2020-2021	913	50	50	50	129	0
August 1- Sept. 4	231	0	0	0	4	0
Sept. 5 - Oct. 2	78	0	0	0	2	0
Oct. 3 - 30	105	0	0	0	0	12
Oct. 31 - Nov. 6	21	1	1	0	0	1
Nov. 7 - Dec. 31	71	0	1	1	0	87
Jan. 1 - 8	163	23	23	1	0	2

With the return of faculty, staff, students and SVD members to DWC, COVID-19 has also come along. Our extensive testing, with the “instant” antigen tests and the more sensitive PCR saliva tests, has revealed 23 persons with a COVID infection. Happily, they have not experienced serious symptoms.

Currently there are 8 persons isolating on campus. The other 15 persons do not live on campus or have completed their isolation period over the past weekend.

**What can you do** to help prevent the further spread of infections?

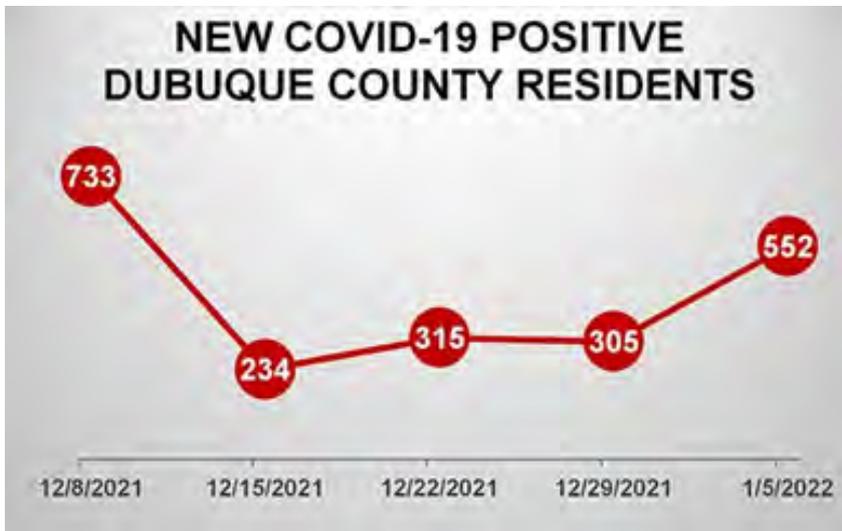

1. **Get tested** as soon as possible if you feel any symptoms: sore throat, runny nose, cough, fever etc. The college has plenty of PCR tests available, and will have more rapid antigen tests in a week or so. In the meantime, rapid tests are also available at Walgreens on JFK Road, and at Lab Elite at Kennedy Mall. Information is available at <https://www.dubuquecountyiowa.gov/565/Local-COVID-19-Testing-Options>.
2. **Wear a mask!** Masks help reduce COVID infections, but they also reduce the spread of colds and the flu!
3. **Get vaccinated or boosted** if you have not yet done so. Br. Mike has information available on where and when you can get a shot. You can also find information at <https://www.dubuquecountyiowa.gov/567/COVID-19-Vaccinations>.
4. **Avoid crowds of people** if you do not know their vaccination status. (The DWC community is 98% vaccinated, and two thirds or more have received a booster.)
5. **Fans with filters** attached have been placed in most classrooms and many offices. Leave them on at all times. They help reduce the amount of COVID, flu and cold virus in the air.

The most recent DWC COVID-19 Guidance (#36) is attached. I have also included a copy of some clarifications of the DWC guidelines for isolation of those who have become infected with COVID-19.

**Isolation and Quarantine.** Isolation is a time of separation for those who have become infected with COVID-19. Quarantine is a time of separation for those who have come into close exposure to COVID-10.

The CDC now recommends a shortened time of isolation because scientific research has demonstrated that the majority of COVID transmission occurs early in the course of illness, generally in the 1-2 days prior to onset of symptoms and the 2-3 days after.

The CDC also recommends that *quarantine is not necessary* for those who have received their booster shot, or who have been vaccinated within the past six months.

The number of residents of Dubuque County who have tested positive has risen rapidly since the end of December. The number of infections is expected to continue rising in the coming weeks.

Since the beginning of the pandemic, more than 20% of all county residents (21,135 confirmed cases) have suffered a COVID-19 infection. More information is available at: <https://www.cityofdubuque.org/1649/Coronavirus-COVID-19-Pandemic>

### Departure of Fr. Aris Martin SVD

With some sadness, I inform the Divine Word College Community that Fr. Aris Martin SVD will not be teaching in the new semester. Having completed his doctorate degree at the prestigious Jesuit University of Santa Clara in May of 2021, he returned to Divine Word College to prepare his dissertation for publication and to begin teaching at DWC in January 2022.

However, the unexpected deaths of both his Auntie and his brother, within months of one another, have been a very painful blow for him and his family.

Aris has reported feeling emotionally exhausted both because of the deaths in his family and because of the heavy work required for him to complete his doctoral studies. He requested an opportunity to engage in pastoral ministry for some time to prepare himself to set out on a long-term career as a researcher, scholar and instructor.

Fr. Aris is returning to the Philippines where he can be closer to his family and where he can immerse himself in the kind of pastoral work that will give further depth and texture to his study of Filipino Contextual Theology.

Fr. Aris asked me to express his appreciation for the support and understanding that the DWC community has extended to him in the past years and recent months.

## Welcome to Fr. Simon Thoi Hoang SVD

Fr. Simon has arrived from Memphis to join the Formation Team. He will work as the Spiritual Life Coordinator, helping to organize the work of the Spiritual Directors. We are grateful for his willingness to accept this new challenge.

Fr. Simon is a 1999 graduate of DWC and professed vows as a member of the Society in 2000. After completing an M.Div. degree and an M.A. in spirituality at Catholic Theological Union in Chicago, he professed final vows and was ordained in 2007. In his graduate work, he focused on the themes of reconciliation and healing in response to his own experience of leaving Vietnam as a refugee and spending two years in a refugee camp in Hong Kong.

Until recently, Simon served as pastor of Sacred Heart Parish in Memphis, Tennessee, gathering together parishioners from the Vietnamese, Hispanic and English-speaking Catholic community. He has some family members in Memphis and also in his hometown of Hue, Vietnam.

## St. John's School of Theology & Seminary @ Collegeville MN

Fr. Michael Patella, OSB, Professor of Theology and Rector of St. John's Seminary in Collegeville Minnesota, will be visiting Divine Word College on Thursday, January 27, 2022. Fr. Patella will be available throughout the afternoon to speak with any students interested in the possibility of attending St. John's University for graduate studies. He will help address any questions about degree programs, the application process, accommodations, and scholarship opportunities. Those students who met with Ms. Donelle Poling, Admissions Director at St. John's, may follow-up on their interests with Fr. Patella.

## Are faculty evaluated throughout a program assessment process?

No. A program assessment is not intended to evaluate faculty, but to evaluate and examine a program. Faculty performance is evaluated via other measures, such as faculty evaluations or annual faculty reports, but never through a program assessment process. Evaluating a program and assessing it is a process that only aims at examining and improving what is currently in place.

## Vocation Directors

All of the vocation directors are on campus this week. At least three times a year (August, January and May), they gather as a team at Divine Word College to meet, plan vocation events and be a presence on the campus. Feel welcome to connect with any of the vocation team members if you have ideas on how to further our vocation ministry as we help young people discern their vocations and decide if coming to Divine Word College as an SVD candidate is the best option for them. The team greatly appreciates referrals from current Divine Word College students—thank you to those who have made referrals in the past. Some of the vocation directors will leave the campus soon to continue their ministry of reaching out to young adults around the country. Please keep us all in your prayers.

If you test positive for Covid-19, you must spend five days in isolation, apart from the community.

**1. First 5 days in your room** – Use the designated restrooms and shower rooms. Your meals will be delivered to your door.

**2. After the first five days** –

- *IF YOU HAVE NO SYMPTOMS*, you may leave your room for normal activities. If quick tests are available, please take one to confirm you no longer have virus.
- *IF YOU STILL HAVE SYMPTOMS*, you must remain in your room until your symptoms resolve.

**3. The second five days** –

- You must wear a mask at ALL times outside of your room.
- Do not eat in the dining room (because you must remove your mask.) You can gather your food and take it to your room to eat, or to another private place.
