Declaration of Major/Minor [S-DOM]

General Requirements for a Bachelor of Arts Degree
The candidate must fulfill three requirements: the Core Curriculum, the Major Coursework, and the Minor Coursework.
Core Curriculum-The Core Curriculum must be completed, or substantially completed, prior to declaring one's major and minor.
Major-Candidates must declare their intended major no later than the end of the sophomore year. The Declaration of Major/Minor form [S-DOM] may be obtained from the Registrar or from the College website. Candidates must complete all requirements for a major and earn a 2.00 Cumulative Grade Point Average in the courses within the major. Candidates must complete all degree requirements specified in the College Catalog in effect at the time the student selected their field of concentration, unless otherwise specified, or a waiver is granted by the Department Chair.
Minor-In addition to a major, students are required to earn a minor, unless they pursue, with approval, a double major. Priesthood candidates must earn a minor in Intercultural Studies. Requests for an exception to this policy may be granted on an individual basis by the Vice President for Academic Affairs.
General Requirements for an Associate Degree
The candidate must fulfill two requirements: the Core Curriculum, and area of concentration. Candidates should complete, or substantially complete, the Core Curriculum before beginning their area of concentration.
