Missionary Skills

At Divine Word College, we focus on helping students build the essential skills they'll need for their future as missionaries. Our program emphasizes cultural understanding, effective communication, and spiritual development, all essential for compassionate and confident service in diverse communities around the globe. By the end of their time at DWC, students will have honed the following key skills:

Critical Thinking

Students develop strong critical thinking skills, enabling them to explore issues, ideas, and events thoughtfully and carefully before forming opinions, making decisions, or drawing conclusions.

Communication

Students become proficient in both writing and speaking, mastering the art of clear communication and building connections with diverse audiences.

Intercultural Competence

Students learn how to understand, relate to, and work well with people from different cultures. They build the knowledge, skills, and mindset needed to connect effectively with others.

Social & Global Responsibility

Students are aware of the world's biggest challenges, especially those affecting the poor and marginalized. They use their knowledge and skills to create solutions that align with Catholic Social Teaching, working to make the world a better place for everyone.

Missionary Discipleship

Students are prepared to engage in meaningful conversations with people from different backgrounds. Whether they're seeking faith, facing poverty, or coming from different cultures or religions, our students are equipped to follow the example of Divine Word Missionaries and build connections through respectful dialogue.
